- The only company able to emboss sheets
- 1st with solar control
- 1st with SolarSmart near infra red technology
- 1st cyclonically rated sheet
- 1st to introduce Lifetime Warranty
- 1st to introduce 25 year Water Tight Warranty
- Only Suntuf is proven for over 25 years

Certification

- Limited Lifetime Warranty
- 99.9% UV Protection
- Australian Standards Certified (AS4256-5)
- Early Fire Hazard Test (tested to AS1530)
- Sandbag Impact Test (tested to AS1562-3)
- Rated for cyclonic winds (tested to AS4040.3)

SOLARSMART® Premium Heat Reduction Sheeting

SolarSmart Premium Sheeting

SolarSmart reflects more heat across the entire ultraviolet light spectrum, not just the portion that provides visible light. "Near infra-red" radiation from the sun is invisible to our eyes but contains large amounts of heat that we feel on our skin. SolarSmart is unique in its ability to block out "near infra red" heat radiation. Hold up a sample to the sun or to an ultraviolet lamp and you will feel the SolarSmart difference.

- Proven over 25 years in Australia
- Minimal glare
- High quality
- Natural diffused light
- Offers year round protection
- Natural colour range providing natural light
- Unique embossed finish
- Lifetime Warranty

COMPARISON CHART

SUNTUF Polycarbonate Sheeting Comparison Chart

Standard	Comment	Light Transmission	Heat* Transmission	Comfort Level
Clear	Maximum light & heat	90%	86%	Red
Cedar Bronze	Direct light / darker bronze tint	25%	48%	Orange
Solar Grey	Direct light / natural grey tint	20%	43%	Light Orange
Opal	Diffused light / good shading	45%	40%	Light Blue
