

# obeco glass blocks

### DIY KIT

Our SUPERPRO silicone lay glass block installation system is a tried and tested method of laying glass blocks easy enough for you to do it yourself. We stock all the materials to supply you with a complete kit.

### PREFABRICATED PANELS

Prefab panels are ready to install into a prepared opening or to be bricked into a wall as it's built. These panels are laid by our experienced staff in our factory.

### SUPPLY & INSTALL

Our professional glass block installers are fully qualified and experienced at completing projects of any scale and are the acknowledged leaders in quality workmanship.

Obeco offers complete service from the supply of loose blocks and materials to kits and pre-fab panels and installation on site. Our estimators and support staff will ensure you get the right advice and the best price.

### PAVING – STEEL GRID:

Trafficable glass block pavers installed into custom fabricated steel grids allow light to be shared from one floor to another while still having full use of the floor space.

### PAVING – PRECAST CONCRETE:

Precast Paving Panels are a cost effective glass block paving option that is quick to install on site. We stock 3 standard sizes or can precast panels to order.

# LA ROCHERE
